

Sister's Spin

January 28, 2021

Imagine being kidnapped by your own mother and locked in your room because you did not enter the religious community she wanted you to enter. That's what actually happened to Thomas Aquinas!

Eventually she relented and allowed Thomas to enter the Dominican Order rather than the Benedictines--her choice. As a Dominican, he became one of their greatest saints, known for setting down the Theology of the Catholic Church in a logical and understandable manner. His teaching is still used today by those studying for the priesthood and religious life. He is the patron saint of students and of Catholic Schools, so today may be a good day to pray for your teachers and for the grace to be a good student, whatever your age.
