

Sister's Spin

February 9, 2021

Do you think it is time to take down the bulletin board that says, "Ice and Snow, Bless the Lord!" ? Certainly, these past few days, the Lord has received lots of blessing from the beauty and chill all around us. But think about what this ice and snow has done for us. First, how beautiful our world is right now. Then, how we have to stay inside and maybe, just maybe, have some fun with one another, and enjoy some hot cocoa with marshmallows and cookies. Some people have even done kind things for others--like shoveling someone's walk, and maybe the children and perhaps a few adults, get to play in the snow. So, despite the cold and snow, there is some good from all this and don't worry, Lent is coming and the bulletin board will be changed soon!
