

# Sister's Spin

March 2, 2021

Wednesday, March 3rd, marks two full weeks since Lent started. It is a good time to revisit those resolutions made a few weeks ago. Taking time to pray, eating a little less (or more of that "stuff" one doesn't like) and figuring how to give of oneself, not necessarily monetarily, always looks good on paper, but carrying out these intentions takes a good deal of thought and effort. It is good to stop and think about how one is doing and to ask for the grace to keep on with one's resolves or to start again on the road to union with Jesus.

-Sister Marcianne
