

Sister's Spin

March 10, 2021

No doubt you are aware that March is Women's History Month. There have been many articles and events already related to this. So, it is good in this Lenten Season to think about Mary these days. As the apostles grappled with Jesus' prediction of his coming Passion, what was Mary thinking? Surely, she had heard Jesus' words from others, maybe even some of the apostles came to her to ask what this all meant. What were her thoughts? Perhaps to sit quietly in conversation with Mary will lead to some new insights these days.
