

Sister's Spin

March 26, 2021

Lent is almost over. It officially ends on Wednesday, March 31st this year. The following three days are called the Triduum--a Latin word meaning three days. These three days are very special, with each one commemorating one of the last events of our Lord's final days on earth and leading to the beautiful feast of Easter. As this fifth week winds down, the anticipation to enter into Holy Week grows and it is good to make time to choose ways to "celebrate" these holy days. Sometimes, with all one has to do, it is hard to find some quiet time to simply sit and meditate on the events of each day, but to do so will make the feast of Easter even more special. As you enter this most blessed of weeks in our Church Year, may you find the peace that Christ came to give.
