

# Sister's Spin

April 6, 2021

Have you ever tried to picture Adam in the Garden as God brings him all the animals and he names them--giraffe, hippopotamus, cheetah...and so on. Where did he come up with those names and why was each one so different and unique? Parents begin to think up names for their coming child way before the child is born. In today's Gospel, Jesus calls someone's name--Mary--and she recognizes her Lord just by how He calls her name. it is good to focus on one's name and how and what it represents about the person bearing it. Today, Jesus calls Mary Magdalene by name and she responds wholeheartedly. Perhaps today, Jesus will call your name through the voice of another. Will you hear and how will you respond?
