

Sister's Spin

August 19, 2020

Today is the feast of St. John Eudes and it is a fitting feast for this day as he was one who assisted those suffering from plagues during his time. He also is known for establishing seminaries for the education of those aspiring to the priesthood. He had a great devotion to the Sacred Hearts of Jesus and Mary and was responsible for putting together the Liturgy for these feast days. Let us ask his intercession for blessing during this current pandemic and that he intercede for blessing on those who seek the priesthood and who educate those preparing for ordination.

May God bless your day and that of your students!
