

Sister's Spin

September 15, 2020

"Standing by the cross of Jesus..." This is how Mary is described in the Gospels as Jesus was being crucified. She was a woman of courage who bore the sufferings of her life with faith and trust in God. On this feast of our Lady of Sorrows, Mary is honored not only for this sorrow, but for the many other times she endured pain and sadness in seeing the events of Jesus' life unfold. In these times, we remember that she was given to us on Calvary, and she is here to assist us in bearing the sorrows of our times. She teaches us that God is always with us and will give us what is needed to carry the crosses of our daily life. **Mother of Sorrows, pray for us.**
