

Sister's Spin

October 7, 2020

The history of the Rosary is a long and varied one--too long to go into in this short spin. But this sacramental has been in use for many ages and even in our own time, found itself mentioned publicly in the pages of **USA Today** in October of 2002, where it was pictured and explained to the general public after St. John Paul made the first changes to the praying of the Rosary in about 400 years by adding the Luminous Mysteries. What is important about this feast day and this sacramental is that it is one of the best ways to lead us to contemplate the life of Jesus and how his Mother, Mary, can bring us closer to him. Hope you can get at least one decade or even a whole rosary in today.
