

Sister's Spin

October 16, 2020

Just as our Lord chose St. Faustina to spread the message of His Divine Mercy, so about 300 years earlier, did He choose St. Margaret Mary Alacoque to spread the message of His Divine Love. It was to her that He showed His most Sacred Heart and told of how it burned for love of all of us. Many did not understand the message of Jesus to Margaret Mary at first, but her persistence, patience and kindness showed that the message she received was very real.

Jesus' Heart is still on fire with love for us and this image of the Heart of Christ reminds us not only of that love, but of the suffering He endured in order to show us just how much we are loved. Let us love in return.
