

# Sister's Spin

October 20, 2020

Amid election news, pandemic news and all the other tragedies of our times, it may seem hard to remember that this is still the month of October, dedicated to our Lady under her title of Our Lady of the Rosary. As this prayer is prayed, we are encouraged to meditate on the mysteries, and this is good, but often we think just of what may be happening to Jesus or Mary in each mystery. Another option is to think about the other persons involved in each mystery, such as Zechariah, or those apostles who were not close by Jesus in the garden, or the crowds on the mountain side as Jesus proclaimed the kingdom. Perhaps one of these will speak to you about their encounter with Jesus, and how it affects your own encounter with Jesus and Mary.
