

Sister's Spin

October 30, 2020

"Trick or Treat!" You may be hearing this phrase often in the coming days as little ones, their parents and occasionally, some big kids, too, come to your door this weekend. In between passing out the treats, it may be good to just contemplate the many treats God has placed in one's life--not just this year, but through the past years. Have there been some tricks? Maybe, but if you feel God is playing tricks on you, maybe it is good to sit down and talk to God about that, too. Halloween, this "holy eve", is but a prelude to All Saints' Day, which is what God wants us all to be. God gives us the treats we need to attain this goal, so celebrate this weekend as you continue to walk the road to full sainthood.

HAPPY HALLOWEEN AND A VERY JOYOUS ALL SAINTS DAY TO ALL!

-Sister Marcianne
