

Sister's Spin

November 6, 2020

Waiting--It's something we are all doing a lot of these days. Waiting for election results, waiting for a vaccine, waiting for an end to this virus, and the usual waiting involved in daily activities, at the grocery store, in the drive-through, at the stop lights. These days, waiting involves a lot of patience, so here is a little prayer for patience that may help:

Lord, help me to be patient with life, with people, with myself. I sometimes try to hurry too much and I push for answers before the time is right. Teach me to trust Your sense of timing rather than my own and to surrender my will to Your greater and wiser plan. Amen.

The closest suggestion of a saint of patience I found was St. Monica, with Job running a close second. Have a patient and restful weekend!
