

Sister's Spin

December 4, 2020

Are your wooden shoes ready to be set out on December 5th? Or maybe it is your Christmas Stocking that you hang for St. Nicholas to fill? If you are among the young at heart, you know that the feast of St. Nicholas is this Sunday and your shoes or stocking should be out on Saturday Night for the holy saint to fill--**IF YOU'VE BEEN GOOD!** While the Sunday Liturgy will be the focus in this Advent Season, it is important to remember this saint, the protector of children, and one who can remind us of the real spirit of the season--the spirit of giving. It started with God who gave us the Son on that first Christmas and Nicholas shared that example of giving by using his wealth to help others. The need to assist others still exists today so maybe instead of waiting for your shoes to be filled, you can put them on, and find someone you can help by your own generous spirit of sharing. **HAPPY ST. NICHOLAS DAY ON SUNDAY!**
