

Sister's Spin

February 22, 2023

What a difference 24 hours can make. The beads are put away for another year, the King's Cake is all eaten (hopefully) and Lent has officially begun. On our foreheads is a visual reminder of how much God loves us--enough to die for us, but also a reminder that we, too, need to die a little to our own selfishness, our pride, our own inability to love as we should. Lent helps us to look inside and see what needs to be changed so that we can be a more loving person and return to God our own gift of love. As each Lenten Day goes by, let us ask for the grace to do what the cross on our foreheads reminds us to do--repent and believe in the Gospel.
