

# Sister's Spin

December 5, 2022

As we wait in this joyful season of Advent, it is good to connect with the saints of the season and this week brings a whole load of them. Beginning with St. Nicholas on the 6th of December, one is reminded of the art of giving--in secret, with love and kindness, and to spread the joy of the season. What will be in your stocking or shoe on the morning of the 6th? An orange, some nuts or heaven forbid--a piece of Coal? Nicholas teaches us about the spirit of giving and how God really started this tradition by giving us His Son. Can't really top that! Stay tuned for more on the saints of this joyful season and Happy St. Nicholas Day on the 6th!
