

Sister's Spin

December 12, 2022

Yes! Do you ever think about how many times in a day one says "Yes"? It would be interesting to keep tabs for just one day. Sometimes when we say that yes, it just comes out quickly, but other times we have a multitude of questions--what do I have to do. when is it due, do I do it alone, who will help me, etc. When Mary was asked to say Yes, she had only one question and after asking it, she said her Yes so faithfully. Faith Full--that is what she was/is. She had faith that God would take care of it all. She tells us that it works that way for us, too. She asked Juan Diego to have faith, to say yes and do a little task for her. Juan did say yes and Mary showed that by Faith and Trust, God can work miracles. May Our Lady of Guadalupe teach us to have such Faith and Trust. Happy Feast Day!
